WeighRite Privacy Policy

Personal details:

The app requires you to enter an email address for us to send out a summary after each weighing session. You can also optionally include a phone number which will be used for customer support.

ICBF link:

If you choose to link the app with your ICBF account we will not have access to your ICBF login details. We keep a token which allows us to import animals records from ICBF and send weights to ICBF.
